March is a month full of fresh starts, a little luck, and the first signs of spring in the air. As the days grow longer and the weather begins to warm, it's the perfect time to refresh, reset, and look forward to brighter days ahead. We hope this season brings a bit of good fortune to you and your family!

With spring just around the corner, we're excited to celebrate some fun moments this month, including National Crayon Day on March 31st! Stop by the office to pick up a special coloring page for your kiddos. It's a great way to spark creativity and add a little extra color to your home as we welcome the new season. Here's to a lucky and joyful March!

MAINTENANCE ATTENTION

Please **DO NOT FLUSH** "Flushable wipes" paper towels, or cloth rags down the drain pipes or toilets. Nothing other than toilet tissue should be flushed down. We realize the wipe packages may say "flushable" but the drainage pipes we have here are older and the insides are not smooth like newer plastic pipes. Because of the age of our drainage system pipes the insides are not smooth and these types of items **WILL CATCH** and hang up on the rough surfaces inside the pipes causing a blockage. If it is determined that the blockage was because of these items you **WILL BE CHARGED** for the time required to unstop the drains. **AGAIN PLEASE DO NOT FLUSH**
